

A WORLD OF
BATTERIES

Power up with MicroBattery

We love spare parts and soon you will too...

In our Product Guide you will find upgrade products to servers, desktops, notebooks, printers, digital cameras etc. The Product Guide contains more than 10.000 different models and systems from manufacturers, among others: IBM, HP, Dell, Toshiba, Fujitsu-Siemens etc. By using the Product Guide you will be certain that the products you buy will be compatible with your system.

How to use the Product Guide on your local EET Nordic website:

Search for brand, series and model using 3 easy steps. The "Product Guide" will then list parts that are compatible with the requested machine. You can also type the search criteria directly in the search field. (See our example below)

1 Choose a brand

2 Choose a series

3 Choose a model

(After completing the search the Product Guide generates this list with the compatible parts)

If you are logged in you will also see stock status and prices.

| All | Genuine spare parts | Compatible spare parts |

MicroBattery is so much more than just fast delivery:

- All products are 100% compatible
- All products meet or exceed the original manufacturer's specification
- MicroBattery are made with the latest technology using the most up to date cells
- MicroBattery provide 1 year warranty on all products
- MicroBattery are also able to support old and end of life notebooks
- MicroBattery support brands from A-Z (Acer to Zenith)

Universal AC Adapter 90W

Part no. MBU90

- High efficiency and true voltage output automatically (without manual operation)
- Auto reset to the lowest voltage (+15V) after current interruption to protect your laptop/notebook computer
- Including 8 connectors for user to change voltage easily
- Different voltage suitable for the most laptops/notebook computers
- New changeable connector design ensures polarity fool proof
- OPP / OCP / OVP / SCP protection
- Active PFC design
- Dimensions: 130x55x30mm
- Weight: 280 gr

Power Inverter 150W

Part no. INVERTER-150E

- Input voltage: DC 10-15V or 20-30V
- Output voltage: AC 100-120V or 220-240V USB 5V
- Output frequency: 50 or 60 Hz $\pm 0.1\%$
- Continuous working: 150W
- Surge power: 300W
- Environment temperature: 0°C - 40°C
- No load current < 0.25A
- Efficiency: > 85%
- Output waveform: Modified sine wave
- Environment altitude: Below altitude of 1000m
- Cable length: 750mm
- Dimensions: 116x97x55mm
- Weight: 530 gr

Universal DC Adapter for laptops

Part no. MBCU1026

- Voltage in: 11-15V
- Voltage out: 15-24V
- Max current: 4.5A, 90W
- 8 easy detachable and durable power plugs
- Safe and smart switch protector
- Small dimensions and low weight
- 7 outlet voltages: 15, 16, 18, 19, 20, 22, 24V
- Voltage switch protector to prevent accidental changing voltage
- Dimensions: 90x66x33mm
- Weight: 188 gr

MicroBattery is so much more than just fast delivery:

- All products are 100% compatible
- All products meet or exceed the original manufacturer's specification
- MicroBattery are made with the latest technology using the most up to date cells
- MicroBattery provide 1 year warranty on all products
- MicroBattery are also able to support old and end of life notebooks
- MicroBattery support brands from A-Z (Acer to Zenith)

How to find the right battery or AC adapter

If you cannot find the battery or AC adapter you need in this catalogue, just contact your local EET Nordic office and we will help you. The information we need, is the original part number on your existing battery.

To get the right AC adapter please give us the input specifications on your notebook.
See our examples below.

In the event that your battery does not work properly please do the following:

TROUBLESHOOTING:

Please read the helpful tips below regarding a few troubleshooting steps that can help revive your battery's life. Most new batteries require some first time maintenance before they achieve desired results. After trying out the various steps, if your battery is still not responding, we would be more than happy to exchange as your product does come with a one year warranty.

1. Some batteries do not achieve their maximum capacity until after several full cycle charges (fully charging, fully discharging, and repeated) sometimes as much as 5 times. These are all brand new battery cells and don't always "wake up" and work to their full capacity until they've been used for a while. Please try to fully cycle your battery at least four times to bring your battery to full capacity.
2. Remove the battery, and AC power. If you have access to the battery contacts inside of the battery compartment try cleaning the connection terminals with alcohol. It may not be getting the proper connection necessary to charge, recharge, and report battery information to the notebook.
3. Check your notebook manufacturer's website for possible system BIOS software upgrades. Some notebooks have been prone to reject 3rd party batteries if they have an old BIOS software version installed on the notebook. BIOS upgrades are designed to fix a wide array of problems including Hard Drive capacity limitations, Battery compatibility and usage, Power management features, and performance modifications after the notebooks were made and shipped. It's like getting a tune-up for your automobile.

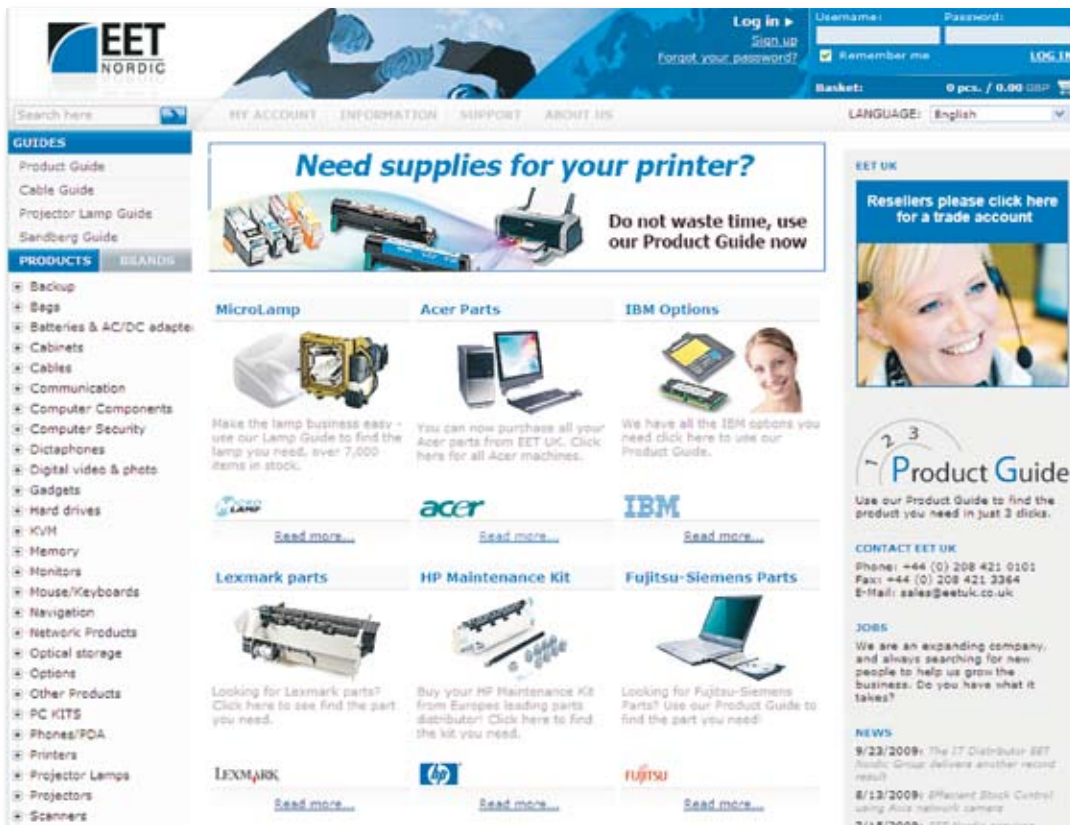

HOW CAN YOU MAXIMIZE BATTERY PERFORMANCE

Breaking in new batteries - new batteries come in a discharged condition and must be fully charged before use. It is recommended that you fully charge and discharge your new battery four times to allow it to reach its maximum rated capacity.

Keep your batteries clean - it's a good idea to clean dirty battery contacts with a cotton swab and alcohol. This helps maintain a good connection between the battery and your notebook.

Exercise your battery - Do not leave your battery dormant for long periods of time. We recommend using the battery at least once every two to three weeks. If a battery has not been used for a long period of time, perform the new battery break in procedure described above.

Battery storage - if you do not plan on using the battery for a month or more, we recommend storing in a clean, dry, cool place away from heat and metal objects.

Welcome to your local EET Nordic website.

www.eetnordic.com offers you:

- Information in local languages
- Real time stock and price information
- Unique Product Guides
- Direct track and trace the website
- All administrative information available on the web
- Payments on the web
- All relevant information on e-mail, such as order confirmation, shipping notes etc

Furthermore EET Nordic can service you with:

- XML data exchange
- CSV datafeeds
- Blind shipments
- Shop in shop solution

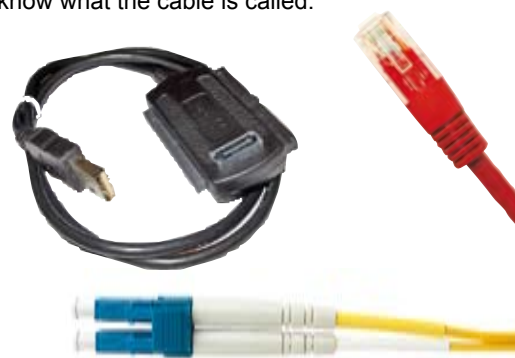

With more than 25.000 cables in stock, EET Nordic is the "one stop shop" for cables. Use EETs Cable Guide to easy find the right cable with 3 simple steps. The guide includes connector pictures if you dont know what the cable is called.

Are you looking for:

Network cables
(UTP5, UTP6 or UTP7)
Fiber cables
IEEE1994b or a cables
USB cables
ATA cables
HDMI cables
DVI cables

SVGA cables
KVM cables
SCSI cables
Power cables
Audio cables
Stereo cables
TV/Video cables

MicroConnect has it

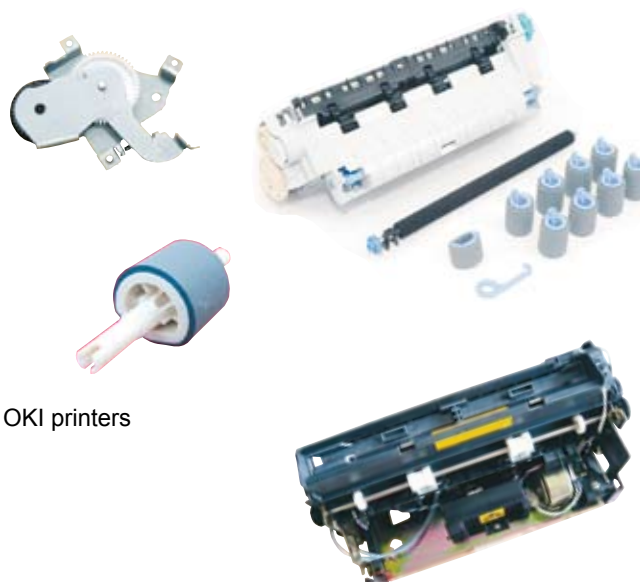

Offers you high quality spare parts for your Lexmark and HP printers.

MicroSpareparts are able to support you with following:

Maintenance kits
Rollers
Drums
Fusers

With MicroSpareparts you get:

- Fast access to compatible spare parts for HP, Lexmark, Canon, OKI printers
- Fast delivery, more than 20.000 units in stock
- Competitive prices
- Able to make more margin on printer spare parts
- Extended warranty

MicroScreen is able to provide you the correct screen/display, when your notebook screen is broken.

With MicroScreen you get:

- The correct screen for your notebook
- Fast access to screens to all different notebooks brands like HP, Toshiba, Acer, Apple etc
- Extended warranty
- Fast delivery, more than 1000 screens in stock
- Competitive prices

- Flash memory (SD, MMC, RS-MMC etc)
- USB memory (retail and customized products)
- Standard memory (DDR2, DDR3, SO-Dimm etc)
- Special memory (for Notebooks, desktop, printers and servers)

With MicroMemory you get:

- Excellent quality, lifetime warranty
- Fast delivery, more than 10.000 modules in stock
- Cover brands from A-Z, Acer, IBM, HP, DELL, Toshiba, Apple etc
- Support end of life notebooks, desktop, printers and servers
- Competitive prices

Are you looking for more storage for you notebook desktop or server MicroStorage got it.

With MicroStorage you get:

- Extended warranty
- Fast delivery, more than 3000 hard disc drives in stock
- Cover brands from A-Z, Acer, IBM, HP, DELL, Toshiba, Apple etc
- Support on end of life notebooks, desktop, and servers
- Competitive prices

The best and easy way to find the correct lamp for your projector. MicroLamp support more than 87 different brands, like HP, Sanyo, Toshiba, DELL, Epson, BenQ, ASK, Canon, Christie, Infocus, LG, Optoma, Projectiondesign, Viewsonic.

With MicroLamp you get:

- 6 month warranty
- Fast delivery
- More than 2000 lamps in stock
- Competitive prices
- A Product Guide to make your purchase easy

Example: Search for a projector lamp to a Espon EMP-3000 projector.
